Perl Weekend Crash Course

Joe Merlino

Perl Weekend Crash Course Joe Merlino

Designed to give readers fast knowledge of the Perl language and an understanding of the Perl interpreter, this book provides a learning path that enable the reader to learn the essentials of Perl in less than three days. All the fundamentals of Perl programming are here, including the basic grammar of Perl, syntax, data manipulation and transformation. There's also coverage of Perl modules, functions, regular expressions, CGI programming and programming the SQL database interface via the DBI Perl module. The CD-ROM includes all the code and auxiliary files for the sample programs, pre and post-assessment software to evaluate the reader's progress, and other value-added software.

From reader reviews:

Robert Johnson:

Do you have favorite book? In case you have, what is your favorite's book? Publication is very important thing for us to learn everything in the world. Each guide has different aim or goal; it means that publication has different type. Some people truly feel enjoy to spend their time to read a book. These are reading whatever they acquire because their hobby is definitely reading a book. Think about the person who don't like examining a book? Sometime, particular person feel need book once they found difficult problem or exercise. Well, probably you will want this Perl Weekend Crash Course.

Robert Thompson:

In this 21st millennium, people become competitive in every way. By being competitive right now, people have do something to make them survives, being in the middle of the crowded place and notice by means of surrounding. One thing that often many people have underestimated that for a while is reading. That's why, by reading a e-book your ability to survive improve then having chance to stay than other is high. To suit your needs who want to start reading some sort of book, we give you this Perl Weekend Crash Course book as nice and daily reading e-book. Why, because this book is usually more than just a book.

James McFarland:

As a scholar exactly feel bored to be able to reading. If their teacher requested them to go to the library or to make summary for some book, they are complained. Just tiny students that has reading's heart and soul or real their pastime. They just do what the teacher want, like asked to go to the library. They go to right now there but nothing reading significantly. Any students feel that reading through is not important, boring in addition to can't see colorful images on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Perl Weekend Crash Course can make you truly feel more interested to read.

Hayden Wolfe:

What is your hobby? Have you heard in which question when you got scholars? We believe that that issue was given by teacher to their students. Many kinds of hobby, Every person has different hobby. And you also know that little person such as reading or as reading through become their hobby. You need to know that reading is very important along with book as to be the factor. Book is important thing to provide you knowledge, except your own teacher or lecturer. You will find good news or update with regards to something by book. Different categories of books that can you decide to try be your object. One of them is Perl Weekend Crash Course.
