The Experimental Knowledge Christ John Elias

This book contains eleven great sermons by the great Welsh itinerant preacher, John Elias (1774-1841), all newly and ably translated from the Welsh by Owen Milton. Here you will find a feast of biblical, doctrinal, experiential, and practical food that shows how great preachers in ages past proclaimed the whole counsel of God over a period of time while remaining faithful in expounding individual texts in accord with their major themes. These sermons, which richly expound nearly every major doctrine of grace, are as relevant and helpful as when they were first written. Here you will find the sovereignty of God and the responsibility of man persuasively expounded. Such themes as God's sovereign calling of sinners, the experiential knowledge and fullness of Christ, the dangers of ignoring the gospel call, earnest prayer for the Spirit, the greatness of God's peace, the believer's love for Christ, the blessing of a contrite spirit, and the immanency of the Second Advent are set forth with convicting power. Practical themes such as how to listen to preaching and how to respect governmental authority are also expounded with fresh clarity. Elias's sermons exhibit all the strengths of a godly preacher-pastor-writer. Read them slowly and prayerfully, and, with the Spirit's blessing, you will grow in the grace and knowledge of Jesus Christ.
