The Conservatarian Manifesto: Libertarians, Conservatives, and the Fight for the Right's Future

Charles C.W. Cooke

A call to arms for the growing movement of “Conservatarians”—members of the right who are fiscally conservative but socially liberal—and a fascinating look at conservatism’s past and future.

There is an underserved movement budding among conservatives, in which fiscal responsibility, constitutional obedience, and controlled government spending remain crucial tenets, but issues like gay marriage and drug control are approached with a libertarian bent.

In *The Conservatarian Manifesto*, Charles C.W. Cooke engages with the data and the philosophy behind this movement, applauding conservatarianism as a force that can help Republicans mend the many ills that have plagued their party in recent years. Conservatarians are vexed by Republicans’ failure to cut the size and scope of Washington D.C., but they are critical of some libertarians for their unacceptable positions on abortion, national defense, and immigration. They applaud conservatives’ efforts to protect Second Amendment rights—efforts that have recently been wildly successful—but they see the War on Drugs as an unmitigated disaster that goes against everything conservatives ought to value.

All movements run the risk of stagnation, and of losing touch with the principles and values that made them successful in the first place. In this book, Charles Cooke shows the way back to a better and more honest conservatism that champions limited government, reality-based policy, and favor for the smallest minority of all: the individual.

You can feel more confidence if you can know about anything. But some of you think which open or reading some sort of book make you bored. It is not necessarily make you fun. Why they might be thought like that? Have you trying to find best book or appropriate book with you?

Elizabeth Murphy:

Information is provisions for individuals to get better life, information currently can get by anyone with everywhere. The information can be a understanding or any news even a huge concern. What people must be consider while those information which is from the former life are hard to be find than now's taking seriously which one is acceptable to believe or which one the particular resource are convinced. If you receive the unstable resource then you buy it as your main information we will see huge disadvantage for you. All those possibilities will not happen throughout you if you take The Conservatarian Manifesto: Libertarians, Conservatives, and the Fight for the Right's Future as your daily resource information.

Claire Davis:

As a college student exactly feel bored for you to reading. If their teacher questioned them to go to the library or even make summary for some reserve, they are complained. Just very little students that has reading's internal or real their leisure activity. They just do what the trainer want, like asked to the library. They go to at this time there but nothing reading significantly. Any students feel that reading through is not important, boring along with can't see colorful photos on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this The Conservatarian Manifesto:

Libertarians, Conservatives, and the Fight for the Right's Future can make you sense more interested to read.
