## **Social Agency Policy: Analysis and Presentation for Community Practice John Flynn**

This text is a practical introduction to social welfare policy analysis and presentation at the local or community level. The book's focus on small-scale, locally oriented practice in human services is a unique feature in that most texts focus on grand scale and national policies, ignoring the power, reality, and necessity of policy practice at the agency, community, or inter-organization levels. Flynn also includes an integrated discussion about values and ethics.
