In Detail

Everyone has had to present during their lifetime. We've all spent agonizing hours trying to make those PowerPoint presentations engaging. Well now there is a tool that will make those presentations look like child's play.

Impress.js is a powerful library that eases the task of creating presentations with smooth animations without depending on a software tool. You are no longer limited to desktop tools as these presentations run on any supported browser anywhere on the Internet.

"Building Impressive Presentations with Impress.js" is a quick guide to creating professional presentations using the best aspects of CSS3. It will also guide you through several practical examples which go beyond the conventional slide-based presentations, covering each aspect of the Impress library.

From simple presentations to your own personal website this handy practical guide will ensure you get the most out of Impress.JS as quickly as you can. Starting with a simple slide-based presentation we move quickly on adding in sliders, galleries and portfolios to utilize this amazing tool. 3D transitions, rotations, scaling, and transforms are also covered to give your presentations that something extra. The final step is bringing all this together to create a personal website that is viewable on any device.

"Building Impressive Presentations with Impress.js" gives you the chance to stand out from the competition and engage with audiences in a way you never have before.

Approach

This book gives you exactly what you need, exactly when you need it. Using easy-to-follow practical examples, this guide takes you from simple presentations to complete websites in no time.

Who this book is for

If you want to engage your audience on a level not previously possible on software such as PowerPoint or Prezi, then this book is for you. With basic knowledge of HTML, CSS, and JavaScript you can start making presentations that truly Impress.

It should be here for anyone. So , don't miss that! Just read this e-book style for your better life along with knowledge.

Heather Bly:

As a college student exactly feel bored in order to reading. If their teacher inquired them to go to the library as well as to make summary for some guide, they are complained. Just minor students that has reading's heart or real their passion. They just do what the professor want, like asked to the library. They go to right now there but nothing reading critically. Any students feel that examining is not important, boring and can't see colorful pictures on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we would like. Likewise word says, many ways to

reach Chinese's country. Therefore this Building Impressive Presentations with Impress.js can make you really feel more interested to read.
