Religions in the Graeco-Roman World, the Early Amazons: Modern and Ancient Perspectives on a Persistent Myth (Handbuch Der Orientalistic. Indien,) Josine Blok, Josine H Blok, J H Blok

"The Early Amazons" offers a new understanding of the ancient Amazon myth, situating mythical representations in the realm of cultural history. The first section examines how the Amazons have presented a challenge to views on history, myth and gender in classical mythology from the late eighteenth century up to the impact of structuralism. Topics included are nineteenth-century historiography and the interest in linguistics. The second section sheds new light on the culture of archaic Greece, offering a coherent assessment of literary and visual representations. Taking mythical narrative as a form of oral storytelling, it shows the emergence of the Amazon motif and its meaning in the world of epic. Iconographical analysis reveals how the visual arts have made a contribution of their own to the imaginary presence of the Amazons.
