Imagined London: A Tour of the World's Greatest Fictional City (National Geographic Directions)

Anna Quindlen

Anna Quindlen first visited London from a chair in her suburban Philadelphia home—in one of her beloved childhood mystery novels. She has been back to London countless times since, through the pages of books and in person, and now, in *Imagined London*, she takes her own readers on a tour of this greatest of literary cities.

While New York, Paris, and Dublin are also vividly portrayed in fiction, it is London, Quindlen argues, that has always been the star, both because of the primacy of English literature and the specificity of city descriptions. She bases her view of the city on her own detailed literary map, tracking the footsteps of her favorite characters: the places where Evelyn Waugh's bright young things danced until dawn, or where Lydia Bennett eloped with the dastardly Wickham.

In *Imagined London*, Quindlen walks through the city, moving within blocks from the great books of the 19th century to the detective novels of the 20th to the new modernist tradition of the 21st. With wit and charm, *Imagined London* gives this splendid city its full due in the landscape of the literary imagination.

Praise for *Imagined London*:

"Shows just how much a reading experience can enrich a physical journey." —*New York Times Book Review*

"An elegant new work of nonfiction... People will be inspired by this book." —Ann Curry, *Today*

"An affectionate, richly allusive tribute to the city." —*Kirkus Reviews*

From reader reviews:

Anita Cannon:

Book will be written, printed, or created for everything. You can realize everything you want by a guide. Book has a different type. As we know that book is important issue to bring us around the world. Next to that you can your reading talent was fluently. A e-book Imagined London: A Tour of the World's Greatest Fictional City (National Geographic Directions) will make you to possibly be smarter. You can feel much more confidence if you can know about anything. But some of you think that will open or reading the book make you bored. It is not make you fun. Why they could be thought like that? Have you trying to find best book or appropriate book with you?

Ann Strickland:

Nowadays reading books become more and more than want or need but also turn into a life style. This reading addiction give you lot of advantages. Associate programs you got of course the knowledge the actual information inside the book that improve your knowledge and information. The knowledge you get based on what kind of publication you read, if you want send more knowledge just go with education books but if you want feel happy read one having theme for entertaining for example comic or novel. The actual Imagined London: A Tour of the World's Greatest Fictional City (National Geographic Directions) is kind of guide which is giving the reader capricious experience.

Charles Bock:

This Imagined London: A Tour of the World's Greatest Fictional City (National Geographic Directions) is great publication for you because the content and that is full of information for you who also always deal with world and also have to make decision every minute. That book reveal it details accurately using great arrange word or we can say no rambling sentences in it. So if you are read this hurriedly you can have whole details in it. Doesn't mean it only gives you straight forward sentences but hard core information with lovely delivering sentences. Having Imagined London: A Tour of the World's Greatest Fictional City (National Geographic Directions) in your hand like getting the world in your arm, info in it is not ridiculous a single. We can say that no e-book that offer you world throughout ten or fifteen tiny right but this guide already do that. So , this is good reading book. Hello Mr. and Mrs. active do you still doubt which?

Sylvia Grable:

As a scholar exactly feel bored in order to reading. If their teacher questioned them to go to the library in order to make summary for some book, they are complained. Just very little students that has reading's spirit or real their leisure activity. They just do what the trainer want, like asked to the library. They go to there but nothing reading significantly. Any students feel that looking at is not important, boring as well as can't see colorful photos on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this age, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's

country. Therefore this Imagined London: A Tour of the World's Greatest Fictional City (National Geographic Directions) can make you truly feel more interested to read.
