Asian Americans on Campus: Racialized Space and White Power (New Critical Viewpoints on Society) Rosalind S. Chou, Kristen Lee, Simon Ho

While there are books on racism in universities, few examine the unique position of Asian American undergraduates. This new book captures the voices and experiences of Asian Americans navigating the currents of race, gender, and sexuality as factors in how youth construct relationships and identities. Interviews with 70 Asian Americans on an elite American campus show how students negotiate the sexualized racism of a large institution. The authors emphasize the students' resilience and their means of resistance for overcoming the impact of structural racism.
