Bird Flu (Everything You Need to Know) John Farndon

A bird flu pandemic is inevitable--so we are told. First identified in China, this apparently merciless virus, which originated in chickens, has the potential to mutate and kill thousands, even millions of people. John Farndon offers a compact, one-stop read that tells it straight. The public doesn't want to spend months doing research, and *Bird Flu* provides readers with all the necessary information.

This is something that can't be pushed aside and ignored--people really do need to know if there is anything to fear, and if so, what can they do about it?
