View from the Vineyard: A Practical Guide to Sustainable Winegrape Growing Clifford P. Ohmart

Author and entomologist Clifford P. Ohmart brings reason and clarity to the politically loaded and amorphously defined popular world of sustainable viticulture with this unique and comprehensive examination of the subject. *View from the Vineyard* does much more than explain what “sustainable” means, its practical importance to the wine industry, and the costs of agribusiness as usual. It provides the farmer with a realistic and achievable path to a sustainable vineyard by describing the challenges of practicing sustainable winegrowing, where integrated pest management fits in, how organic and sustainable farming related, a holistic vision for the farm, how to identify and define your farm’s resources, methods for developing sustainable goals, creating a plan to achieve your holistic vision, ecosystem management, and understanding the vineyard as habitat. The book concludes with a self-assessment guide in which growers can easily track their progress through these transitional periods.

From reader reviews:

Gordon Frederick:

Reading a publication tends to be new life style on this era globalization. With looking at you can get a lot of information which will give you benefit in your life. With book everyone in this world can share their idea. Ebooks can also inspire a lot of people. Lots of author can inspire all their reader with their story or maybe their experience. Not only the storyline that share in the publications. But also they write about the data about something that you need example of this. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that you can get now. The authors nowadays always try to improve their talent in writing, they also doing some study before they write to their book. One of them is this View from the Vineyard: A Practical Guide to Sustainable Winegrape Growing.

Jennifer Chambers:

Precisely why? Because this View from the Vineyard: A Practical Guide to Sustainable Winegrape Growing is an unordinary book that the inside of the e-book waiting for you to snap it but latter it will zap you with the secret the item inside. Reading this book beside it was fantastic author who all write the book in such wonderful way makes the content within easier to understand, entertaining method but still convey the meaning thoroughly. So , it is good for you for not hesitating having this ever again or you going to regret it. This book will give you a lot of advantages than the other book have got such as help improving your ability and your critical thinking technique. So , still want to hold up having that book? If I were being you I will go to the publication store hurriedly.

Sherrie Beardsley:

It is possible to spend your free time you just read this book this e-book. This View from the Vineyard: A Practical Guide to Sustainable Winegrape Growing is simple to create you can read it in the recreation area, in the beach, train in addition to soon. If you did not include much space to bring the actual printed book, you can buy the e-book. It is make you better to read it. You can save typically the book in your smart phone. So there are a lot of benefits that you will get when you buy this book.

Lloyd Gilbert:

What is your hobby? Have you heard that will question when you got scholars? We believe that that query was given by teacher to the students. Many kinds of hobby, Everybody has different hobby. Therefore you know that little person like reading or as reading become their hobby. You must know that reading is very important as well as book as to be the matter. Book is important thing to add you knowledge, except your personal teacher or lecturer. You find good news or update in relation to something by book.
