A quiet revolution has been occurring in post-World War II Europe. A world power has emerged across the Atlantic that is recrafting the rules for how a modern society should provide economic security, environmental sustainability, and global stability. In *Europe's Promise*, Steven Hill explains Europe's bold new vision. For a decade Hill traveled widely to understand this uniquely European way of life. He shatters myths and shows how Europe's leadership manifests in five major areas: economic strength, with Europe now the world's wealthiest trading bloc, nearly as large as the U.S. and China *combined*; the best health care and other workfare supports for families and individuals; widespread use of renewable energy technologies and conservation; the world's most advanced democracies; and regional networks of trade, foreign aid, and investment that link one-third of the world to the European Union. *Europe's Promise* masterfully conveys how Europe has taken the lead in this make-or-break century challenged by a worldwide economic crisis and global warming.
