A Better Way of Dying: How to Make the Best Choices at the End of Life Jeanne Fitzpatrick, Eileen M. Fitzpatrick

The fail-safe plan for ensuring one's final wishes are respected

Advanced directives and living wills have improved our ability to dictate end-of-life care, but even these cannot guarantee that we will be allowed the dignity of a natural death. Designed by two sisters-one a doctor, one a lawyer-and drawing on their decades of experience, the five-step Compassion Protocol outlined in *A Better Way of Dying* offers a simple and effective framework for leaving caretakers concrete, unambiguous, and legally binding instructions about your wishes for your last days. Meant for people in every walk of life-from the elderly, to those in the early stages of mentally degenerative diseases like Alzheimer's, to healthy young people planning for an unpredictable future-this book creates space for a discussion we all must have if we wish to ensure comfort and control at the end of our lives..
