Yearbook of Private International Law: Volume VI (2004)

The Yearbook of Private International Law series, an annual publication now published by Sellier. European Law Publishers in cooperation with the Swiss Institute of Comparative Law, provides analysis and information on private international law (PIL) developments world-wide. This sixth volume looks rather "Euro-centric", due to the impressive and continuous rhythm at which the creation of a European system of PIL is progressing at the European Community level. Contributions include discussion of the proposal for a Rome II regulation on conflict of laws in torts, as well as an analysis of the Avello decision, which could create a new framework for the development of PIL in Europe. Additional articles focus on the national conflict systems of some European states. An important comparative study discusses the treatment of foreign tax laws and judgments in four major European countries-United Kingdom, Germany, France, and Italy. The actual and controversial issue of registered partnership is discussed from the perspective of Spanish law. Additionally, an English translation of the latest national PIL codification-the recent Belgian Code-is included.
