Healing the New Childhood Epidemics: Autism, ADHD, Asthma, and Allergies: The Groundbreaking Program for the 4-A Disorders Kenneth Bock, Cameron Stauth

Autism is an epidemic: It has spiked 1,500 percent in the last twenty years. ADHD, asthma and allergies have also skyrocketed over the same time period. One of these conditions now strikes one in every three children in America. But there is hope. Leading medical innovator Kenneth Bock, M.D., has helped change the lives of more than a thousand children, and in this important book, with a comprehensive program that targets all four of the 4-A disorders, he offers help to children everywhere. This is the book that finally puts hope within reach.

Doctors have generally overlooked the connections among the 4-A disorders, despite their concurrent rise and the presence of many medical clues. For years the medical establishment has considered autism medically untreatable and utterly incurable, and has limited ADHD treatment mainly to symptom suppression. Dr. Bock and his colleagues, however, have discovered a solution – one that goes to the root of the problem. They have found that deadly modern toxins, nutritional deficiencies, metabolic imbalances, genetic vulnerabilities and assaults on the immune and gastrointestinal systems trigger most of the symptoms of the 4-A disorders, resulting in frequent misdiagnosis and untold misery.

Dr. Bock's remarkable Healing Program, drawing on medical research and based on years of clinical success, offers a safe, sensible solution that is individualized to each child to help remedy these root causes. The biomedical approach to autism, ADHD, and the other 4-A epidemics, as innovated by Dr. Bock and some of America's finest integrative physicians, is one of the most promising and exciting medical movements of our time.

In this eminently readable account, written by Dr. Bock in collaboration with critically acclaimed author Cameron Stauth, you will meet children and parents whose dramatic stories will inspire you to change the life of your own child. This program may be the help that you have been praying for.
