Warped Factors: A Neurotic's Guide to the Universe

Walter Koenig

Warped Factors: A Neurotic's Guide to the Universe Walter Koenig

This is Koenig's story from growing up as the neurotic child of Russian immigrants in 1940s Manhattan through his rise to *Star Trek* fame as Pavel Chekov, Russian navigator of the U.S.S. *Enterprise*, and beyond.

Koenig's very human narrative is full of the kind of insecurities and quirks to which anyone can relate. With wry wit, striking candor, and a true gift for storytelling, Koenig takes us on a sometimes bumpy but often hilarious trip through his galaxy. Blind faith and a healthy sense of irony seem to sustain him as he relates a steady stream of anecdotes.

Of course, this amusing memoir also takes us behind the scenes of *Star Trek*, with fresh perspectives not only on the cast members themselves but also on the development and evolution of the sci-fi legend. Having also enjoyed both critical and popular success on *Babylon 5*, Koenig has repeatedly confirmed his enduring position in science fiction's acting pantheon.
