The Book Calvinists Want Banned: Exposing the Shameful Exegesis of Reformed Theology Gil VanOrder Jr

Reformed theology was developed by taking verses out of context, by using poor and dishonest exegesis, by creating things that don't exist, by contradicting clear teachings of the Scriptures, by making false assumptions and non sequiturs, and by merging pagan philosophy with Christianity. The result is a theology that was never taught by the apostles or the early church. It is a theology that stresses God's sovereignty over His love. This book explains why the God Calvinists believe in is a monster, and their gospel is anything but "Good News" for those who are not selected by God to be saved.
