War by Land, Sea, and Air (Yale Library of Military History)

David Jablonsky

War by Land, Sea, and Air (Yale Library of Military History) David Jablonsky

In this book a retired U.S. Army colonel and military historian takes a fresh look at Dwight D. Eisenhower's lasting military legacy, in light of his evolving approach to the concept of unified command. Examining Eisenhower's career from his West Point years to the passage of the 1958 Defense Reorganization Act, David Jablonsky explores Eisenhower's efforts to implement a unified command in the U.S. military—a concept that eventually led to the current organization of the Joint Chiefs of Staff and that, almost three decades after Eisenhower's presidency, played a major role in defense reorganization under the Goldwater-Nichols Act. In the new century, Eisenhower's approach continues to animate reform discussion at the highest level of government in terms of the interagency process.
