Dark Days, Bright Nights: From Black Power to Barack Obama

Peniel E. Joseph

Dark Days, Bright Nights: From Black Power to Barack Obama Peniel E. Joseph

The Civil Rights Movement is now remembered as a long-lost era, which came to an end along with the idealism of the 1960s. In *Dark Days, Bright Nights*, acclaimed scholar Peniel E. Joseph puts this past assessment to the test, showing the 60s—particularly the tumultuous period after the passage of the 1965 Voting Rights Act—to be the catalyst of a movement that culminated in the inauguration of Barack Obama.

Joseph argues that the 1965 Voting Rights Act burst a dam holding back radical democratic impulses. This political explosion initially took the form of the Black Power Movement, conventionally adjudged a failure. Joseph resurrects the movement to elucidate its unfairly forgotten achievements.

Told through the lives of activists, intellectuals, and artists, including Malcolm X, Huey P. Newton, Amiri Baraka, Tupac Shakur, and Barack Obama, *Dark Days, Bright Nights* will make coherent a fraught half-century of struggle, reassessing its impact on American democracy and the larger world.
