Every business process in every organization can be made better, more efficient, more flexible and more adaptable to changing needs. Business process improvement (BPI) can drive substantial bottom-line increases, ultimately accelerating the revenue cycle. "The Power of Business-Process Improvement" proves that even sweeping BPI initiatives don't have to be complex, time-consuming projects. This incredibly practical book cuts through lengthy, technical explanations with a 10-step method designed for busy professionals with real-world problems. Starting with simple tools to help the reader develop a process inventory, the book shows how to prioritize and map processes, apply improvement techniques, test new processes and rework them as necessary and implement the changes.
