Rosemary Beach Richard Sexton

A visual narrative of this groundbreaking New Urbanism development in the Florida Panhandle. Designed by planning pioneers Andres Duany and Elizabeth Plater-Zyberk, Rosemary Beach is a decidedly different community. Renowned photographer Richard Sexton became an advocate of Rosemary Beach, finding it a positive example of how future communities can become better and more stimulating places. His admiration is palpable throughout this thoroughly descriptive and artful photo essay, which features a vicarious stroll through residential and civic buildings and public spaces, and details the prescribed house types that define the community. A secondary photo essay focuses on an intimate view of how residents live in Rosemary Beach. The final section provides a walking tour experience.
