Audio Production Worktext: Concepts, Techniques, and Equipment

Sam Sauls, Craig Stark

Audio Production Worktext: Concepts, Techniques, and Equipment Sam Sauls, Craig Stark

Providing insight into the impact media convergence has had on the radio industry, this new edition delivers an excellent introduction to the modern radio production studio, the equipment found in that studio, and the basic techniques needed to accomplish radio production work.

New chapters addressing the basics of field recording, production planning, and sound for video are included, as well as a renewed emphasis on not just radio production, but audio production.

Featuring a worktext format tailored for both students and teachers, self-study questions, hands-on projects, and a CD with project material, quizzes, and demonstrations of key concepts, this book offers a solid foundation for anyone who wishes to know more about radio/audio equipment and production techniques.

From reader reviews:

Bradford Padgett:

Information is provisions for people to get better life, information currently can get by anyone with everywhere. The information can be a information or any news even a concern. What people must be consider whenever those information which is inside former life are challenging to be find than now's taking seriously which one is acceptable to believe or which one the particular resource are convinced. If you obtain the unstable resource then you have it as your main information we will see huge disadvantage for you. All of those possibilities will not happen throughout you if you take Audio Production Worktext: Concepts, Techniques, and Equipment as the daily resource information.

Ann Clark:

The reason? Because this Audio Production Worktext: Concepts, Techniques, and Equipment is an unordinary book that the inside of the book waiting for you to snap this but latter it will jolt you with the secret that inside. Reading this book next to it was fantastic author who all write the book in such wonderful way makes the content on the inside easier to understand, entertaining way but still convey the meaning entirely. So , it is good for you because of not hesitating having this any longer or you going to regret it. This book will give you a lot of rewards than the other book include such as help improving your skill and your critical thinking technique. So , still want to hesitate having that book? If I have been you I will go to the book store hurriedly.

Harold Esparza:

Is it you who having spare time then spend it whole day simply by watching television programs or just resting on the bed? Do you need something totally new? This Audio Production Worktext: Concepts, Techniques, and Equipment can be the respond to, oh how comes? The new book you know. You are thus out of date, spending your time by reading in this new era is common not a geek activity. So what these ebooks have than the others?

Nancy Soto:

Guide is one of source of understanding. We can add our knowledge from it. Not only for students and also native or citizen need book to know the change information of year in order to year. As we know those guides have many advantages. Beside many of us add our knowledge, also can bring us to around the world. From the book Audio Production Worktext: Concepts, Techniques, and Equipment we can have more advantage. Don't one to be creative people? To be creative person must love to read a book. Just simply choose the best book that suitable with your aim. Don't always be doubt to change your life by this book Audio Production Worktext: Concepts, Techniques, and Equipment. You can more appealing than now.
